are.

1) That there should be a distance of not less than 25 miles between two provincial toll-gates. and those gates which dis not satisfy the condition should be abolished and that as regards toll-gate the discretion of the ~~Govt~~ need not be interfered with of the Govt of Madras. that only an appeal is lay to the

c Dist ~~Board~~ for 24 hrs in regard to Govt for 24 hrs under Sec 66(3) of Mad Dist Bds Act

2) Municipal Councils should be required not to levy toll on through traffic

3) As regards abolition of toll-gates the Committee recommends as follows.

Provincial toll-gates:— The toll-gates at Gyrapatna, Avati, Gundlupet, Hampapura, Yelwal, Tippagonahalli, Kartikere, Arakere, may be abolished and further the location of a toll gate on the Sivasamudram bridge,

There should be 2 toll-gates between Nagapura & Nanjapura

Bidarahalli and Basthiwarahalli, Mysore Dist, & Satyapatna Kadur Dist.

District fund toll-gates:—

Bangalore The toll-gate at Magadi-Hulijindlu Road, Bobbeli-Kortagere Road,

Kolar Doddaballapur-Chickballapur road

Tumkur Kotgudda Bavagada Road, Gubbi-Chelur Rd

Mr Ramaswami wants that the 14 gates recommended by the JC should be abolished. This is for consideration

Payment of Toll at Dhikatte will cover the traffic at Sivasamudram bridge via Kusa

such as on Sarak - Sirsi Road

the toll gate at Yellapura, Bilapura, Gollarahalli, Mundur, Hadadakere, Talavarahalli, Dibbadahalli, have been recommended to be abolished.

58) To avoid inconvenience and harassment to people of certain particular localities, they have also suggested the adjustment of the location of certain toll-gates (viz).

1) Shifting the gate on Maddur Sivasamudram Road to Kotikatte

2) that of Doddamuguda towards the frontier near the boundary

3) that of Yadigal beyond Nagapura

4) treating the toll-gates at Doddahalli Rajavanthi and Channarabhani in the Tumkur District, & Swalanga Honnali, Malebennur in Chitradurga as one toll-gate.

59) Four members are agreeable to the recommendations, but the Chief Secy is not in favour of requiring the vehicles not to bear tolls on through traffic and to abolish the toll-gates at Rayapatna, Gundlupet, Nanjangud and Yelwal. The question is decided keeping in view the Report of Sivasamudram tollgates.

61 The Committee have considered that Cattle passing out of Mysore & neighbouring British Provinces for or by way of sale should not be exempted from payment of Rs in the Salt parts. The rule referred to above will have to be suitably modified

62 Action will have to be taken in the Local Govt Section & issue a Circular so as to remove the misconception regarding levy of Rs in more than one part in a District regarding distt Rs parts as required by the Committee in para 5 of the report

63 The question of not allowing Thuk Ch & levy Rs on through traffic was recommended even by the Joint Committee appointed in April 1927 (vide Govt Rs 2-8955-87(1) dt 45-27-1 & 5/6/27 Para B)

93) As regards the provincial toll gates, the recommendation of the committee that there should be a distance of not less than 25 miles between two provincial toll gates may be accepted.

94 Provincial toll gates as named in paragraph 87 above are proposed for abolition by the committee. The committee suggest the establishment of three new toll gates viz at Sivasundram Bridge, Paschimaodhoni and Sacrapatna. The abolition proposed would involve a loss of income of from 65 000 to 70 000 Rs. Yelwal gate is amongst those proposed for abolition. The abolition of this gate was ordered in 1928 but order did not issue pending detailed examination. The income from yelwal gate alone is over Rs 12 000. 84 In this connection, kind reference is invited to the proposal of the Hassan DBs to establish a toll-gate at the Kerlapur bridge, which was ordered to be considered along with the report of the Toll-committee. The committee in their recommendations have given full discretion to District Boards in regard to the establishment and administration of toll-gates, and the proposal may perhaps be sanctioned as the levy of bridge tolls by DBs has been allowed in the order of June 1927 (Para 4 thereof). If this is sanctioned, orders will be communicated separately.

86 As regards the recommendation of the committee, regarding rebels not to levy toll on through traffic, kind reference is invited to the G.O. of June 27, where in Govt have accepted the recommendation of the Joint toll-gate committee in this behalf but in Para 8 the G.O. it is stated that separate rules should be framed so as to exempt through traffic from payment of municipal tolls. No such rules have yet been framed in this behalf. This seems to require an amendment the municipal law.

87 The chief Secy to Govt is not in favour of this recommendation the committee. The recommendation the committee has been incorporated in the draft order put up. Whether this recommendation is to be adhered to is for consideration

Instead of, as proposed by the Committee, abolishing the toll-gate at Gunongpet, I would suggest, alternatively, it being shifted to the boundary between the Nanjangud & Gundlupet taluks. A lot of timber traffic, which now escapes payment of toll, would be tapped. It is then Govt. must cut the roads up & bring a much much larger revenue.

Final Note by the Second Member of Council.

Subject:— Recommendations of the Committee appointed to consider the question of the reduction of the number of toll-gates established on the several Provincial and District Board roads.

Government passed orders in June 1927, on the report of the Joint toll-gates Committee about the establishment and administration of toll-gates on the Provincial and Local Board roads (District Fund and Municipal). The rules framed in this behalf from time to time were finally revised in May 1928. The cotton merchants of Davangere represented that the system of having a number of toll-gates within short distances of each other acted prejudicially to the trade at Davangere. Various representations and resolutions were also brought forward for discussion at the Representative Assembly of October 1928 in regard to the abolition of toll-gates newly established on District Fund and State Fund roads and the location of the Provincial and District Fund Toll-gates at their respective frontiers. After much discussion, Government replied that the entire question would be referred to a Committee consisting of two or three Representative Assembly members and a few Deputy Commissioners of Districts. Accordingly a Committee consisting of the marginally* noted gentlemen was appointed in Government Order No.L.3940-64/L.B.111-28-1, dated the 1st December 1928 to go into the question of reducing the number of toll-gates newly established on the Provincial and District Board Roads and to submit their recommendations within a period of two months.

1. The Revenue Commissioner in Mysore (Chairman).
2. The Chief Secretary to Government.
3. The President, District Board, Bangalore,
4. The President, District Board, Hassan,
5. Mr. K.V. Anantaraman, B.A., Deputy Commissioner, Mysore,
6. Mr. Niligiri Sanjivaiya, Member, Representative Assembly,
7. Mr. M.S. Linge Gowda, Member, Representative Assembly.

The Committee who submitted their report on the 22nd March 1929 have made the following recommendations:-

(1) That there should be a distance of not less than twenty-five miles between two Provincial toll-gates, that this rule should be strictly adhered to and those gates which did not satisfy the condition should be abolished but that there should be no limit as to distance as regards District Board gates and the discretion of the District Boards in the matter should not be interfered with.

(2) That Municipal Councils should be required not to levy tolls on through traffic.

(3) That the following toll-gates should be abolished:-

(a) PROVINCIAL:-The toll-gates at Byrapatna and Avati in the Bangalore District, Gundlupet, Hampapur and Yelwal in the Mysore District, Thippaganahalli in the Kolar District, Bidarammangudi in the Tumkur District, Kartikere in the Kadur District and Malur in the Shimoga District.

(b) DISTRICT BOARD:- The toll-gates at Magadi-Huliyurdrug Road, Dobspet-Kortagere Road in the Bangalore District, Dodballapur-Chickballapur Road in the Kolar District, Kotgudda-Pavagada Road and Gubbi-Chelur Road in the Tumkur District, Balehonnur-Narasimharajapur in the Kadur District, Bhadravati on Chennagiri Road and another on Sorab-Sirsi Road in the (Shimoga District) and at Yelladakere, Pilapura, Gollarahalli, Mustur, Madadakere, Talavarahalli and Dibbadahalli in the Chitaldrug District.

(4) That fresh toll-gates may be established on the Sivasamudram Bridge and at Paschimavahini in the Mysore District and at Sakrepatna in the Kadur District.

(5) That the following adjustment in the location of toll-gates be ordered to avoid inconvenience and harassment to people of the localities concerned, viz.,

(i) that the gate on Maddur-Sivasamudram road be shifted to Rotti-katte;

(ii) That of Dodkurgod towards the frontier near the

the boundary;

(iii) That of Tadigol beyond Royalpad and lastly

(iv) that the toll-gates at Dodhalli, Rajavanthi and Chandrabhavi in Tumkur District and Sowlanga, Honnali and Malebennur in the Shimoga District be treated as one gate.

(6) That there should be reciprocity between the gates -

(i) at Hindignal and Narasapur,

(ii) at Sivasamudram Bridge and Rotti-katte and

(iii) at Paschimavahini and Wellesley Bridge, and

(7) That cattle passing out of Mysore to neighbouring British Provinces for or by way of sale should not be exempted from payment of tolls in the State gates.

The proposals of the Committee were considered in Council and it was agreed that they may be sanctioned with the modifications that the toll-gate at Hampapur may be retained and the toll-gates at Byrapatna and Narasapur may be shifted a suitable distance to the Mysore and Bangalore side respectively so as not to interfere with small local traffic as also the toll-gate at Gundlupet to the boundary between the Nanjangud and Gundlupet Taluks so as to catch the timber traffic.

A draft order sanctioning the recommendations of the Committee as modified in Council and further added to is herewith submitted for His Highness's gracious approval.

13940-64
Ord. No. 8 1-12-28

L.B.49-25-26 dated the 21st January 1927 to suggest means for the improvement of the toll revenue in the State having recommended the establishment of certain new Toll-gates on the several Provincial and District Fund Roads in the State ~~in addition to the then existing toll-gates~~, Govt., in their order dated the 9th June 1927 read above, ~~approved~~ favoured of the same and the proposals received from the Revenue Commissioner and the District Boards for the establishment of additional toll-gates on the several Provincial and District Fund roads under the above order were also sanctioned from time to time.

Complaints having been received against the establishment of the additional toll-gates as ordered above and the working of the toll-gates rules as revised by the above Joint Committee, the Govt. in their order No. R.7669-77/R.M.9-27-47 dated 5th April 1928, appointed another Committee ~~consisting~~ consisting of the marginally noted ~~persons~~ gentlemen to

1. C.S. Balasundaram Iyer, Chairman,
2. P.G. D'Souza,
3. J. Bhore.
4. Syed Taj Peeran.
5. N. Madhava Rao,

7. M.S. Lingegowda
8. B. Abdur Rahimon.
9. S.C. Malliah.
10. C.P. Basavegowda.

to review the arrangements already ordered and to examine and report on the following points:-

(1) The location of toll-gates.
(2) The classification of animals and vehicles and the maximum rates of tolls provided in the revised schedule.
(3) The adequacy of exemptions contained in the revised rules in regard to animals/vehicles belonging to Agriculturists, and
(4) any other points in respect of which the rules might be revised.

After an examination of the rules and proposals received, the Committee made ~~several~~

several recommendations of which the - - important ones are as follows:-

(1) That with a view to minimise inconvenience to agriculturists, the system of levying tolls on cattle and other animals be discontinued.

(2) That carts ~~and~~ laden with -- manure or other substance used as manure shall be exempt from payment of tolls at all the interior toll-gates and shall pay at the rates prescribed for unladen carts at all frontier toll-gates ~~and~~ 3 that no ~~tolls~~ shall be levied on carts belonging to agriculturists residing within 5 miles of a toll-gate when such carts are carrying manure, implements or seeds or agricultural produce to and from their fields and when they return unladen.

(4) That toll-gates should not be established on State Fund Roads within a distance of 25 miles ~~from~~ of each ~~such~~ other and that in cases where District Fund or Ml. toll-gates are situated within this distance, a vehicle should be made to pay full rate at the first gate only and half of the rate at the remaining gate or gates.

Govt. approved of the first ~~three~~ proposal, and as regards the ~~third~~ fourth the Revenue - - Commissioner ~~has promised~~ was requested to re-examine the whole question of location of toll gates in consultation with the Deputy -- Commissioners of Districts and submit to Government proposals for any change that may be considered necessary to give effect

effect to the principles contained therein in time before the next year's sales are notified. The District Boards and Municipal Councils who have established toll-gates in their jurisdiction have also been asked to submit their views in regard to the partial exemption proposed.

Meantime, the Cotton Merchants of Davangere ~~have~~ at a meeting held at Davangere on 19-10-1928 represented that the system of having a number of toll-gates within a short distance of each other acted prejudicially to the trade at Davangere. The President of the Chitaldrug District Board has sent proposals for the abolition of certain new gates now sanctioned.

At the last Session of the R.A., a resolution was brought forward in regard to the abolition of toll-gates except those ~~in the cotton growing places in the State~~. The Govt. replied that as the contract for the year 1928-29 had already been given for the several gates nothing could be done till the end of the current official year and that the entire question would be referred to a Committee consisting of two or three Representative Assembly Members and a few Deputy Commissioners of Districts.

Govt. are accordingly pleased to appoint a Committee consisting of the following ~~officers and~~ gentlemen to go into the question of the ~~reduction in the existing~~ necessity number of toll-gates established on the several Provincial and District Board roads and to submit their recommendation to Government

Government within a period of 2 months:-

1. The Revenue Commissioner in Mysore (Chairman)

All were present except the Chief Secretary.

The point referred to the Committee for consideration and report was as to the reduction of the numbers of toll-gates --- established on the several Provincial and District Fund Roads under the orders passed by Government from time to time.

The Committee were unanimously of -- opinion that there should be a distance of 25 miles between 2 Provincial toll-gates; that this rule should be strictly adhered to and those gates which did not satisfy the condition should be abolished.

As regards District Board gates they were of opinion that no distance limit need be prescribed and ~~consequently~~ the discretion of the District Boards regarding location of gates need not be interferred with as under Section 66 (5) of the District -- Boards Regulation only one toll is payable in a whole District on a period of 24 hours irrespective of the number of toll-gates therein. This ruling that only one toll is leviable should however be made clear to -- avoid misconception on this point as there seems to be an impression on the part of -- some of the District Boards that the exemp-

exemption applies only to the particular -- gate at which the toll is levied.

Pending final ~~xxxxxxx~~ decision on the Report of the British ~~Toll~~ Rail Roads Committee by that Government and the introduction of similar measures if any in the State for the replacement of tolls by any other tax the Committee considered that the system of levying tolls might continue; that the Municipal Councils should be required not to levy tolls on through traffic and that the ~~t~~existing toll gates should be reduced or adjusted as follows:-

PROVINCIAL TOLL-GATES.

1. Bangalore District.

All the existing toll-gates might be retained except Byrapatna, but in view of the fact that the ~~xxxxx~~ Hindiganal Toll-gate is situated at a distance of 12 milews from the Narasapur Toll-gate in the Kolar District, complete exemption may be given to ~~carts~~ vehicles passing through one gate when they have paid toll in the other gate within a period of 24 hours.

In view of the existence of a Provincial gate at Dobspet, the District Fund Toll-gate at Dobspet-Kortagere Road which is within 5 miles from the former may be abolished.

As there is a toll-gate on the Wellesly Bridge at Sreerangapatam, a gate at Byrapatna is unnecessary which may therefore be abolished.

The toll gate on the Maddur Sivasamudram

Sivasamudram-Kollegal road is reported to cause some harassment to the people of Malvalli. With a view to give them relief it is proposed to shift this to Rottikatte and to establish a Bridge Toll at Paschimavahini with the condition that vehicles paying taxes in Paschimavahini will be entitled to exemption from payment of toll at the Wellesly Bridge gate and vice versa. It is considered that the above arrangement will give relief to people and make up for the loss of revenue arising by the abolition of the gate at Byrapatna.

As regards the Attibele Toll-gate it was considered that arrangements should be made for reciprocity with the adjacent British Toll-gate.

In this connection the Committee were strongly of opinion that cattle passing out of Mysore to neighbouring British Provinces for or by way of sale should not be exempted from payment of tolls in the toll gates in the State.

2. Kolar District.

The proposal of the Kolar District Deputy Commissioner to shift (1) the Viduraswatha Toll-gate towards the frontier near the boundary (2) the Tadigol gate beyond Rayalpad was approved. It was resolved to abolish the gate at Tippaganahalli on the Dodballapur-Goribidnur Road as there is one at Viduraswatha.

3. Tumkur District.

The gates at (1) Dodhalli (2) Rajavanthi and (3) Chandrathari should be treated as one gate and the Bidarammangudi gate may be abolished as it is only 6 miles from Arsikere and 8 miles from Banavar. A toll gate may be established near Sakrepatna abolishing the toll-gate at Karikere in the Kadur District.

4. Hassan.

With reference to the proposal of the Deputy Commissioner, Hassan, to abolish the gate at Cheekanhalli, the Committee considered that it might be retained on account of the large number of vehicles owned by the Coffee Planters near by, but toll may be levied only on motor vehicles as in the case of Wellesly Bridge Toll.

5. Kadur.

As already decided above, the Karikere toll-gate may be abolished and the others retained.

6. Shimoga.

On account of the existence of a toll at the Bhadra Bridge, the District Fund toll-gate at Bhadravati may be abolished as the latter is too near the former which has to be retained.

In view of the existence of a toll-gate at Agumby the gate at Malur may be abolished.

Traffic passing between Sowlanga and Tunga Bhadra Bridge should be exempted from payment of tolls in one gate when tolls

tolls have been paid thereon in the other gate in a period of 24 hours.

7. Chitaldrug.

All the existing gates may be retained.

8. Mysore.

The gates at Yelwal and Gundlupet may be abolished and the other gates retained.

9. The District Fund toll-gates were next examined by Districts and the following decision was arrived at:-

1. Bangalore.

It was resolved to retain all the existing District Fund gates with the exception of those at (1) Magadi Huligurdurga Road and (2) Dobsepet-Koratagere Road.

2. Kolar.

The toll gate on the Dodballapur-Chickballapur road may be abolished and the necessity for a gate on the Hoskote-Sidlaghatta road may be examined. The rest may be retained.

3. Tumkur.

The toll-gates on (1) Kotgudda-Pavagada road and (2) Chelur-Gubbi road may be abolished and the rest may be retained.

4. Mysore.

All the existing District Fund Toll-gates may be retained.

5. Hassan.

Same as above.

6. Kadur.

All except the gate on Balehonnur-Narasimharajapur Road may be retained and toll gates may be established on Mudgere Mangarabad Road and Narasimharajpur-Shimoga road as contemplated in the order of June 1927. T. Shimoga

With the exception of the gates at Bhadravati and on the Sorab-Sirsi Road, the rest may be retained.

8. Chitaldrug.

There are a large number of gates in this District and complaints have been received against this. The District Board have recommended the abolition of all the gates. The Deputy Commissioner has recommended the abolition of 7 gates as noted in the margin.* This may be approved.

* 1. Hiriyur-Huliyar Road at Yelladakere.
2. Hosadurga-Ajjampur road at Pilapura.
3. Anji-Huchangidurga road at Gollarhalli.
4. Jagalur-Chellakere road at Mustur.
5. Hosadurga-Hiriyur road at Madadakere.
6. Hanagal-Ulavasankanahalli road at Talavarhalli.
7. Malebennur-Chennagiri road near Dibbadahalli.

It was resolved that a map may be -- prepared showing the position of the gates in the several ~~gates~~ districts and sent to the - - - members of the Committee for their information and in sufficient time before the next meeting of the Committee to enable them to study the situation of the several gates and give their final decision in regard to the reference from Government.

The representation from the Mysore District Automoble Association dated 9th January 1929 was also read.

The next meeting was fixed to the 1st Saturday in February to be held ~~at~~ the Revenue Commissioner's Office at 8 A.M.

Dear Mr. Someswara Iyer,

In reply to your D.O.letter No.L.4558-9 L.B.113-28-8 dated the 4th instant calling for certain particulars in respect of the existing toll gates in this District, I beg to forward herewith a tracing of the District Map the location of the District Fund toll gates marked as I, II, III, IV, V, and VI in red ink.

There are two in the Malur Taluk one on the Malur-Berike Road and the other on Malur Hosur road. Both are located about a mile from Malur Municipal limits. There is one at Bethamanagala on the Kolar Venkatagirikote road. In the Chickballapur Taluk, there is a toll gate at Kuduvathi about 2½ miles from Nandi village on the Bangalore Nandidroog road. In the Goribidnur Taluk there are two toll gates on the Koratagere frontier. Thondebhavi-Koratagere toll gate was assigned to this District by the Government and Goribidnur-Koratagere toll to the Tumkur District. With the consent of the Tumkur District Board, both the toll gates were located at the frontier, the two Boards sharing the income equally- The Bangalore District Board have also agreed to share the income from Malur Hosakote and Sidlaghatta Jangamkote toll gates equally.

As the toll gates are located on different roads, it is not possible to give the distances between every two toll gates.

Last year there were no District Fund toll gates in this District except the two in the Goribidnur Taluk which the Tumkur District Board put up. A sum of Rs. 395-8-0 was realised as the share of this Board.

During the year the income from toll gates is noted in the margin. Information regarding the sale amount of the toll gates in

In the above order Government appointed a Committee consisting of the marginally noted members to go into the question of the reduction of the number of toll-gates established on the several Provincial and District Fund roads from time to time and to submit their recommendation to Government within a period of 2 months.

The Committee regret that owing to several ~~considerations~~ causes, the report could not be submitted within the 1st February as required.

They held 2 meetings one on the 10th January 1929 and the other on the 2nd February 1929. The Chief Secretary --- could not be present at either of these meetings and Rao Bahadur Mr. N.S. Nanjundaiya was not also present at the 2nd meeting.

At the 1st meeting, certain tentative conclusions were arrived at and in accordance therewith a map was got prepared for further scrutiny and the whole question of the location of the toll-gates both Provincial and District Board was carefully considered at both the meetings and the Committee now beg to submit the following recommendations on the question referred to them.

The Committee considered that ---

there should be a distance not less than of 25 miles between 2 Provincial toll-gates; that this rule should be strictly adhered to and those --- gates which did not satisfy the condition should be abolished, but that there should be no limit as to distance as regards District Board gates and that consequently the discretion of the District Boards regarding location of gates need not be interferred with as under Section 66 (5) of the District Boards Regulation only one toll is payable in a whole District in a period of 24 hours irrespective of the number of toll-gates -- therein. They ~~also~~ however of opinion that the ruling that only one toll is leviable -- should be made clear to avoid misconception on this point as there seems to be an impression on the part of some of the District Boards that the exemption applies -- only to the particular gate at which the toll is levied.

Finally they considered that pending final decision on the report of the British India Roads Committee by that Government and the introduction of similar measures if any in the State for the replacement of -- tolls by any other tax, the system of levying tolls might continue and the Municipal -- Councils should be required not to levy -- tolls on through traffic.

The Committee examined the several -- toll-gates with reference to the above -- principles and they now beg to submit the following recommendations as regards the

the reduction or adjustment of the existing toll-gates.

A. PROVINCIAL TOLL-GATES.

1. Bangalore & Mysore Districts.

All the existing toll-gates in the Bangalore District might be retained except those at Byrapatna and Avati. The gate at Byrapatna is unnecessary as there is a toll-gate on the Wellesly Bridge at Seringapatam and the gate at Avati may be abolished as the traffic is very thin and there are toll-gates at Chickballapur and Bagepalli. In view of the fact that the Hindiganal toll-gate is situated at a distance of 12 miles from the Narasapur toll-gate in the Kolar District complete exemption may be -- given to carts passing through one gate -- when they have paid toll in the other gate within a period of 24 hours and in view of the existence of a Provincial gate at Dobspet, the District Fund toll-gate at Dobspet-Kortagere Road at Makanhalli which is within 5 miles from the former may be abolished.

and causes a somewhat heavy levy on Kanakapura traffic from Mysore and the frontier to Bangalore while it is welcome to the people of Channapatna

The toll-gate on the Maddur-Sivasamudram-Kollegal Road in the Mysore District is reported to cause some harassment to the people of Malvalli. With a view to give them relief it is proposed to shift this to Rottikatte and to establish a Bridge toll at Paschimavahini with the condition that vehicles paying taxes in Paschimavahini will be entitled to exemption from payment of toll at the Wellesly Bridge gate and vice versa. It is considered that the

above

above arrangement will give relief to people and make up the loss of revenue arising by the abolition of the gate at Byrapatna.

It was also considered that the gates at Gundlupet, Hampapur and Yelwal in the Mysore District should be abolished and that as regards the Attibele toll-gate in the Bangalore District arrangement should be made for reciprocity with the adjacent British Toll-gates

In this connection, the Committee were strongly of opinion that cattle passing out of Mysore to neighbouring British Provinces for or by way of sale should not be exempted from payment of tolls in the toll-gates in the State.

3. Kolar District.

The proposal of the Kolar District --- Deputy Commissioner to shift (1) the Viduraswatha (Dodkurugod) toll-gate towards the frontier near the boundary (2) the Tadigol gate beyond Rayalpad was approved. It was resolved to abolish the gate at Tippaganahalli on the Dodballapur-Goribidnur Road as there is one at Viduraswatha (Dodkurugod).

4. Tumkur District.

The gates at (1) Dodhalli (2) Rajavanthi and (3) Chandrabhavi should be treated as one gate and the Bidarammangudi gate may be --- abolished as it is only 6 miles from Arsikere and 8 miles from Banavar. A toll gate may be established near Sakrepatna so as to catch the traffic abolishing the toll-gate at Kartikere in the Kadur District.

5. Hassan.

With reference to the proposal of the Deputy Commissioner, Hassan, to abolish the gate at Cheekanhalli, the Committee considered that it might be retained ~~on account of the large number of vehicles owned by the Coffee Planters near by~~ as it is on one of the main routes through Coffee belts, but toll may be levied only on motor vehicles as in the case of Wellesly Bridge toll.

6. K a d u r.

As already decided above, the Kartikere toll-gate may be abolished and the others retained.

7. Shimoga.

On account of the existance of a toll--- at the Bhadra Bridge the District Fund toll-gate at Bhadravati on the Bhadravati-Chennagiri Road may be abolished as the latter is too near the former which has to be retained.

In view of the existance of a toll-gate at Agumby the gate at Malur may be abolished.

Sowlanga, Honnali and Malebennur gates should be treated as one gate and traffic -- passing ~~between~~ through any of these gates should be exempted from payment of tolls in the other gate or gates when tolls have been paid thereon in the other gate or gates in a period of 24 hours.

8. Chitaldrug.

All the existing gates may be retained.

8. M y s o r e.

Please see Standing Order.

B. District Fund toll-gates.

1. Bangalore.

It was resolved to retain all the existing District Fund gates with the exception of those at (1) Magadi Huliyurdurg Road (2) Dobsepet-Koratagere Road and (3) Gudemarnhalli-Magadi Road. Mr. Sanjeeviah wanted to abolish the toll-gate at Anekal. This was not agreed to by the other members present.

2. K o l a r.

The toll-gate on the Dodballapur-Chickballapur road may be abolished and the necessity for a gate on the Hoskote-Sidlaghatta road may be examined. The rest may be retained.

3. T u m k u r.

The toll-gates on (1) Kotgudda-Pavagada Rao and (2) Chelur-Gubbi road may be abolished and the rest may be retained.

4. M y s o r e.

All the existing District Fund toll-gates may be retained.

5. H a s s a n.

Same as above.

6. K a d u r.

All except the gate on Balehonnur-Narasimharajapur Road may be retained.

7. S h i m o g a.

With the exception of the gate at Bhadravati on the Chennagiri Road and the one on the Sorab-Sirsi Road, the rest may be retained.

8. Chitaldrug.

There are a large number of gates in

this District and complaints have been received against this. The District Board have recommended the abolition of all the gates. The Deputy Commissioner has recommended the abolition of 7 gates as --- noted in the margin.*

Mr. Sanjeevaiya was of opinion that all the 14 gates recommended by the District Board may be abolished. But the other Members considered that the Deputy Commissioner's recommendation might be -- approved.

The suggestion of the President, Octroi Committee to have a joint meeting of the Committee with the Octroi Committee was considered and it was resolved -- that as this Committee were appointed -- only to go into the particular question of reduction of the ~~such~~ existing toll-gates and not into the principles relating to the levy or abolition of tolls, there is no necessity for a Joint meeting of ~~this~~ these 2 Committees.

The Committee desire to place on record their appreciation of the help they received from the Secretary Mr. J.K. Some and Mr. Shivaramaiah Assistant Secretary.

ORDER NO.L. 3940-64/L.B.111-28-1 dated, the 1st December 1928.

In the above order Government appointed a Committee consisting of the marginally noted members to go into the question of the reduction of the number of toll-gates established on the several Provincial and District Fund Roads from -- time to time and to submit their recommendation to Government within a period of 2 months.

1. The Revenue Commissioner in Mysore (Chairman).	The Committee regret that owing to several -- causes, the report could not be submitted within the 1st February 1929 as required.
2. " Chief Secretary to the Government of Mysore.	
3. " President, District Board, Bangalore.	
4. " President, District Board, Hassan.	
5. Mr. K.V. Anantharaman, B.A., Deputy Commissioner, Mysore.	
6. " Nilgiri Sanjiviah, Member, Representative Assembly.	
7. " M.S. Linge Gowda, Member Representative Assembly.	

They held 2 meetings one on the 10th January 1929 and the other on the 2nd February 1929. The Chief -- Secretary could not be present at either of these meetings and Rao Bahadur Mr. M.S. Nanjundaiya was not also present at the 2nd meeting.

At the ~~first~~ first meeting, certain tentative conclusions were arrived at and in accordance therewith a map was got prepared for further scrutiny and the whole question of the location of the toll-gates both Provincial and District Board was -- carefully considered at both the meetings and the Committee now beg to submit the following recommendations on the question referred to them.

The Committee considered that there should be a distance of not less than 25 miles between 2 Provincial toll-gates; that this rule should be strictly adhered to and those gates which did not satisfy the condition should be abolished, but that there should be no limit as to distance as regards District Board gates and that consequently the discretion of the

the District Boards regarding location of gates need not be interferred with as under Section 66 (5) of the District Boards Regulation only one toll is payable in a whole District in a period of 24 hours irrespective of the number of toll-gates therein. They were however of opinion that the ruling that only one toll is leviable should be made clear to avoid misconception on this point as there seems to be an impression on the part of some of the District Boards that the exemption applies only to the particular gate at which the toll is levied.

Finally they considered that pending final decision on the report of the British India Roads Committee by that Government and the introduction of similar measures if any in the State for the replacement of tolls by any other tax, the system of levying tolls might continue and the Municipal Councils should be required not to levy tolls on through traffic.

The Committee examined the several toll-gates with reference to the above principles and they now beg to submit the following recommendations as regards the reduction or adjustment of the existing toll-gates.

A. PROVINCIAL TOLL-GATES.

1 & 2 Bangalore & Mysore Districts.

All the existing toll-gates in the Bangalore District might be retained except those of Kyrapatna and Avati. The gate at Kyrapatna is unnecessary as there is a toll-gate on the Wellesly Bridge at Seringapatam and causes a somewhat heavy levy on through traffic from Mysore and ~~the~~ frontier to Bangalore while it is ~~likewise~~ in some to the people of Chennapatna, and the gate at Avati may be abolished as the traffic is very light and there are toll-gates at Chickballapur and Bagepalli. In view of the fact that the Hindiganal toll-gate is situated at a distance of 12 miles from the Narasapur toll-gate in the Kolar District complete exemption may be given to carts passing through one gate when they have paid toll in the other gate within a period of 24

hours

hours and in view of the existence of a Provincial gate at Dobspet, the District Fund toll-gate at Dobspet-Kortagere Road at ~~Hi~~kunnalli which is within 5 miles from the former may be abolished.

The toll-gate on the Maddur-Sivasamudrum-Kollegal Road in the Mysore District is reported to cause some harassment to the people of Malvalli. With a view to give them relief it is proposed to shift this to Bottikatte and to establish a Bridge toll at Paschimavahini with the condition that vehicles paying taxes in Paschimavahini will be entitled to exemption from payment of toll at the Wellesly Bridge gate and vice versa. It is considered that the above arrangement will give relief to people and make up for the loss of revenue -- arising by the abolition of the gate at Kyrapatna.

It was also considered that the gates at Gundlupet, -- Nanjapur and Yelwal in the Mysore District should be abolished and that as regards the Attibele toll-gate in the Bangalore District arrangement should be made for reciprocity with the adjacent British toll-gates.

In this connection, the Committee were strongly of -- opinion that cattle passing out of Mysore to neighbouring -- British Provinces for or by way of sale should not be exempted from payment of tolls in the toll-gates in the State.

3. Kolar District.

The proposal of the Kolar District Deputy Commissioner to shift (1) the Viduraswatha (Dodkurugod) toll-gate towards the frontier near the boundary (2) the Tadigol gate beyond Mayalpad was approved. It was resolved to abolish the gate at Tippaganahalli on the Dodballapur-Goribidnur Road as there is one at Viduraswatha (Dodkurugod).

4. Tumkur District.

The gates at (1) Dodhalli (2) Rajavanthi and (3) Chandrabhavi should be treated as one gate and the Bidarasamudi

gate

gate may be abolished as it is only 6 miles from Arsikere and 8 miles from Banavar. A toll gate may be established near -- Sakrepatna so as to catch the traffic to Chikmagalur abolishing the toll-gate at Kurtikere in the Kadur District.

5. Hassan.

With reference to the proposal of the Deputy Commissioner, Hassan, to abolish the gate at Cheekanhalli, the Committee considered that it might be retained as it is on one of the main ~~rates~~ routes through coffee Estates, but toll may be levied only on motor vehicles as in the case of Wellesly Bridge toll.

6. Kadur.

As already decided above, the Kurtikere toll-gate may be abolished and the others retained.

7. Shimoga.

On account of the existance of a toll at the Bhadra Bridge ~~and~~ the District Fund toll-gate at Bhadravati on the Bhadravati-Channagiri Road may be abolished as the latter is too near the former which has to be retained.

In view of the existance of a toll-gate at Agumby, the gate at Kadur may be abolished.

Bowlanga, Honnali and Halebennur gates should be treated as one gate and traffic passing through any of these gates --- should be exempted from payment of tolls in the other gate or gates when tolls have been paid thereon in the other gate or gates in a period of 24 hours.

8. Chitaldrug.

All the existing gates may be retained.

B. DISTRICT FUND TOLL-GATES.

1 Bangalore District.

It was resolved to retain all the existing District Fund gates with the exception of those at (1) Nagadi Huliyurdurg Road (2) Dobsepet-Koratagere Road and (3) Gudemarnhalli-Nagadi Road. Mr. Sanjeeviah wanted the toll-gate at Anekal to be -- abolished. This was not agreed to by the other members present.

2. Kolar.

The toll-gate on the Dodballapur-Chickballapur road may be abolished and the rest may be retained.

3. Tumkur.

The toll-gates on (1) Kotgudda-Pavagada Road and (2) Chelur-Gubbi road may be abolished and the rest may be retained.

4. Mysore.

All the existing District Fund toll-gates may be retained.

5. Hassan.

Same as above.

6. Kadur.

All except the gate on Lalehonnur-Narasimharajapur Road may be retained.

7. Shimoga.

With the exception of the gate at Bhadravati on the --- Chennagiri Road and the one on the Sorab-Sirsi Road, the rest may be retained.

8. Chitaldrug.

There are a large number of gates in this District and complaints have been received against this. The District Board have recommended the abolition of all the gates. The Deputy Commissioner has recommended the abolition of 7 gates as noted in the margin.

*1. Hiriyur-Huliyur Road at Yelladakere.
2. Hosadurga-Anjanpur Road at Pilapura.
3. Anji-Huchangidurga Road at Gollarhalli.
4. Jagalur-Chellakere Road at Mustur.
5. Hosadurga-Hiriyur Road at Madudakere.
6. Hunagal-Uluvasankanahalli Road at Talavarhalli.
7. Malebennur-Chennagiri Road near Dibbadahalli.

Mr. Sanjeevaiya was of opinion that all the 14 gates recommended by the District Board may be abolished. But the other Members considered that the Deputy Commissioner's recommendation might be approved.

The suggestion of the President, Octroi Committee to have a joint Meeting of the Committee with the Octroi Committee was considered and it was resolved that as this Committee were appointed only to go into the particular question of --

reduction

reduction of the existing toll-gates and not into the principles relating to the levy or abolition of tolls, there is no necessity for a Joint Meeting of these 2 Committees.

The Committee desire to place on record their appreciation of the help they received from the Secretary Mr. T.K. Someswara Iyer ~~whose~~ whose intimate knowledge of the subject was of great use to them.

3. Kolar District.

The proposal of the Kolar District Deputy Commissioner to shift (1) the Viduraswatha (Dodkurugod) toll-gate towards the frontier near the boundary (2) the Tadigol gate beyond Rayalpad was approved. It was resolved to abolish the gate at Tippaganahalli on the Dodballapur-Goribidnut Road as there is one at Viduraswatha (Dodkurugod).

4. Tumkur District.

The gates at (1) Dodhalli (2) Rajavanthi and (3) Chandrabhavi should be treated as one gate and the Bidarammangudi

gate

gate may be abolished as it is only 6 miles from Arsikere and 8 miles from Banavar. A toll gate may be established near -- Sakrepatna so as to catch the traffic to Chikmagalur abolishing the toll-gate at Kartikere in the Kadur District.

5. Hassan.

With reference to the proposal of the Deputy Commissioner, Hassan, to abolish the gate at Cheekanhalli, the Committee considered that it might be retained as it is on one of the main routes through coffee Estates, but toll may be levied only on motor vehicles as in the case of Wellesly Bridge toll.

6. Kadur.

As already decided above, the Kartikere toll-gate may be abolished and the others retained.

7. Shimoga.

On account of the existance of a toll at the Bhadra Bridge the District Fund toll-gate at Bhadravati on the Bhadravati-Chennagiri Road may be abolished as the latter is too near the former which has to be retained.

In view of the existance of a toll-gate at Agumby, the gate at Malur may be abolished.

Sowlanga, Honnali and Malebennur gates should be treated as one gate and traffic passing through any of these gates --- should be exempted from payment of tolls in the other gate or gates when tolls have been paid thereon in the other gate or gates in a period of 24 hours.

8. Chitaldrug.

All the existing gates may be retained.

B. DISTRICT FUND TOLL-GATES.

1. Bangalore District

It was resolved to retain all the existing District Fund gates with the exception of those at (1) Magadi Huliyurdurg Road (2) Dobsepet-Koratagere Road and (3) Gudemarnhalli-Magadi Road. Mr. Sanjeeviah wanted the toll-gate at Anekal to be -- abolished. This was not agreed to by the other members present.

2. Kolar.

The toll-gate on the Dodballapur-Chickballapur road may be abolished and the rest may be retained.

3. Tumkur.

The toll-gates on (1) Kotgudda-Pavagada Road and (2) Chelur-Cubbi road may be abolished and the rest may be retained.

4. Mysore.

All the existing District Fund toll-gates may be retained.

5. Hassan.

Same as above.

6. Kadur.

All except the gate on Balehonnur-Narasimharajapur Road may be retained.

7. Shimoga.

With the exception of the gate at Bhadravati ~~on the~~ --- Chennagiri Road and the one on the Sorab-Sirsi Road, the rest may be retained.

8. Chitaldrug.

There are a large number of gates in this District and complaints have been received against this. The District Board have recommended the abolition of all the gates. The Deputy Commissioner has recommended the abolition of 7 gates as noted in the margin.*

*1. Hiriyur-Huliyar Road at Yelladakere.

5. Hosadurga-Hiriyur Road at Madadakere.
6. Hanagal-Ulavasankanahalli Road at Talavarhalli.
7. Malebennur-Chennagiri Road near Dibbadahalli.

Mr. Sanjeevaiya was of opinion that all the 14 gates recommended by the District Board may be abolished. But the other Members considered that the Deputy Commissioner's recommendation might be approved.

The suggestion of the President, Octroi Committee to have a joint Meeting of the Committee with the Octroi Committee was considered and it was resolved that as this Committee were appointed only to go into the particular question of --

reduction

reduction of the existing toll-gates and not into the principles relating to the levy or abolition of tolls, there is no necessity for a Joint Meeting of these 2 Committees.

The Committee desire to place on record their appreciation of the help they received from the Secretary Mr. T.K. Someswara Iyer ~~whose~~ whose intimate knowledge of the subject was of great use to them.

Chairman of the Toll Committee, Bangalore.

Sir,

I beg to state that copies of the draft report of the Committee were circulated among the members of the Committee for remarks and Messrs. Niligiri Sanjeevaiya and Rao Bahadur N.S.Nanjundaiya have not yet returned the report. The Chief Secretary is of opinion that it will not be feasible to enforce the suggestion that Municipal Councils should not levy tolls on through traffic and that he is not in favour of abolishing the toll-gates at Byrapatna, Gundlupet, Hampapur and Yelwal, while Mr.Abdur Rahmon wants that the toll gate at Gudemaranhally should not be abolished, as it was not resolved by the Committee. Mr.Lingegowda has no remarks to offer and Mr.Anantaraman states that it was decided to have a gate at Sivasamudram bridge as otherwise the traffic from across the frontier going towards Belakavadi would escape payment and he has incorporated this in the report. The suggestions of Messrs. Abdur Rahmon and Anantaraman may perhaps be incorporated in the draft report and the Chief Secretary's remarks may be added

added as a separate minute.

As Mr.Sanjiviah's objections have been incorporated in the draft and Mr.Nanjundiah attended only one meeting, it is for consideration whether the report may not be sent up to Government without waiting for their reply. Further instructions are solicited. The replies received are herewith enclosed for kind perusal and return.

I have the honour to be,
Sir,

Sir,

With reference to G.O.No.L.3940-64/L.B.111-28-1 dated 1st December 1928, appointing a Committee consisting of the marginally noted gentlemen to go into the question of reducing the number of Toll Gates established on the several Provincial and District Boards roads, I am directed to submit herewith the accompanying report of the Committee. Messrs. Niliğiri Sanjeevaiya and Rao Bahadur N.S. Nanjundaiya, have not sent their final opinion on the draft report sent to them for remarks. But their opinions as given at the meeting are embodied in the report.

I have etc.,

NO.L.3940-64/L.B.111-28-1 dated, the 1st December 1928.

In the above order, Government appointed a Committee consisting of the marginally noted members to go into the question of the reduction of the number of toll-gates established on the several Provincial and District Fund Roads from time to time and to submit their recommendation to Government within a period of 2 months.

1. The Revenue Commissioner in Mysore. (Chairman)
2. " Chief Secretary to the Government of Mysore.
3. " President, District Board, Bangalore.
4. " President, District Board, Hassan.
5. Mr. K.V. Anantaraman, B.A., Deputy Commissioner, Mysore.
6. " Nilgiri Sanjiviah, Member, Representative Assembly.
7. " M.S. Linge Gowda, Member, Representative Assembly.

The Committee regret that owing to several causes, the report could not be submitted within ~~the~~ 1st February 1929 as required.

They held 2 meetings, one on the 10th January 1929 and the other on the 2nd February 1929. The Chief Secretary could not be present at either of these meeting and Rao Bahadur Mr.N.S. Nanjundaiya was not also present at the 2nd meeting.

At the first meeting, certain tentative conclusions were arrived at and in accordance therewith a map was got prepared for further scrutiny and the whole question of the location of the toll-gates both Provincial and District Board was carefully considered at both the meetings and the Committee now beg to submit the following recommendations on the question referred to them.

The Committee considered that there should be a distance of not less than 25 miles between 2 Provincial toll-gates; that this rule should be strictly adhered to and those gates which did not satisfy the condition should be abolished, but that there should be no limit as to distance as regards District Board gates and that consequently the discretion of the District Boards regarding location of gates need not be interfered with as under Section 66 (5) of the District Boards Regulation, only one toll

toll is payable in a whole District in a period of 24 hours, irrespective of the number of toll-gates therein. They were however of opinion that the ruling that only one toll is leviable should be made clear to avoid misconception on this point, as there seems to be an impression on the part of some of the District Boards that the exemption applies only to the particular gate at which the toll is levied.

Finally they considered that pending final decision on the report of the British India Roads Committee by that Government and the introduction of similar measures if any in the State for the replacement of tolls by any other tax, the system of levying tolls might continue and the Municipal Councils should be required not to levy toll on through traffic.

The Committee examined the several toll-gates with reference to the above principles and they now beg to submit the following recommendations as regards the reduction or adjustment of the existing toll-gates.

A. PROVINCIAL TOLL-GATES.

1 & 2. Bangalore and Mysore Districts.

All the existing toll-gates in the Bangalore District might be retained except those at Byrapatna and Avati. The gate at Byrapatna is unnecessary as there is a toll-gate on the Wellesley Bridge at Seringapatam and causes a somewhat heavy levy on through traffic from Mysore and the frontier to Bangalore, while it is irksome to the people of Chennapatna, and the gate at Avati may be abolished as the traffic is very light and there are toll-gates at Chickballapur and Bagepalli. In view of the fact that the Hindiganal toll-gate is situated at a distance of 12 miles from the Narasapur toll-gate in the Kolar District, complete exemption may be given to carts passing through one gate, when they have paid toll in the other gate within a period of 24 hours; and in view of the existence of a Provincial gate at Dobspet, the District Fund toll-gate at Dobspet-Kortagere Road at Makanahalli which is within 5 miles from the former may be abolished.

The toll-gate on the Maddur-Sivasamudram-Kollegal Road in the Mysore District is reported to cause some harassment to the people of Malavalli. With a view to give them relief it is proposed to shift this to Rottikatte and also to locate a toll-gate near the Sivasamudram bridge, payment at the Rottikatte gate clearing the gate near the Sangam bridge & vice versa. It is further proposed to open a Bridge toll at Paschimavahini with the condition that Vehicles paying taxes in Paschimavahini will be entitled to exemption from payment of toll at the Wellesly Bridge gate and vice versa. It is considered that the above arrangement will give relief to people and make up for the loss of revenue arising by the abolition of the gate at Byrapatna.

It was also considered that the gates at Gundlupet, Hampapur and Yelwal in the Mysore District should be abolished and that as regards the Attibele toll-gate in the Bangalore District arrangement should be made for reciprocity with the adjacent British toll-gates.

In this connection, the Committee were strongly of opinion that cattle passing out of Mysore to neighbouring British Provinces for or by way of sale should not be exempted from payment of tolls in the toll-gates in the State.

3. Kolar District.

The proposal of the Kolar District Deputy Commissioner to shift (1) the Viduraswatha (Dodkurugod) toll-gate towards the frontier near the boundary (2) the Tadigol gate beyond Rayalpad was approved. It was resolved to abolish the gate at Tippaganahalli on the Dodballapur-Goribidnur Road, as there is one at Viduraswatha (Dodkurugod).

4. Tumkur District.

The gates at (1) Dodhalli (2) Rajavanthi and (3) Chandrabhavi should be treated as one gate and the Bidarammanguddi gate may be abolished as it is only 6 miles from Arsikere and 14 miles from Banavar. A toll gate may be established near Sakrepatna so as to catch the traffic to Chikmagalur, abolishing the toll-gate at

at Kartikere in the Kadur District.

5. Hassan.

With reference to the proposal of the Deputy Commissioner, Hassan, to abolish the gate at Cheekanhalli, the Committee considered that it might be retained as it is on one of the main routes through coffee Estates, but toll may be levied only on motor vehicles as in the case of Wellesley Bridge toll.

6. Kadur.

As already decided above, the Kartikere toll-gate may be abolished and the others retained.

7. Shimoga.

On account of the existance of a toll at the Bhadra Bridge, the District Fund toll-gate at Bhadravati on the Bhadravati-Chennagiri Road may be abolished as the latter is too near the former which has to be retained.

In view of the existance of a toll-gate at Agumby, the gate at Malur may be abolished.

Sowlanga, Honnali and Malebennur gates should be treated as one gate and traffic passing through any of these gates should be exempted from payment of tolls in the other gate or gates, when tolls have been paid thereon in the other gate or gates in a period of 24 hours.

8. Chitaldrug.

All the existing gates may be retained.

9. DISTRICT FUND TOLL-GATES.

1. Bangalore District.

It was resolved to retain all the existing District Fund, gates with the exception of those at (1) Magadi-Huliyurdrug Road and (2) Dobspet-Koratagere Road and Mr. Sanjeeviah wanted the toll-gate at Anekal to be abolished. This was not agreed to by the other members present.

2. K o l a r.

The toll-gate on the Dodballapur-Chickballapur road may be abolished and the rest may be retained.

3. Tumkur.

The toll-gates on (1) Kotgudda-Pavagada Road and (2) Chelur-Gubbi road may be abolished and the rest may be retained.

4. Mysore.

All the existing District Fund toll-gates may be retained.

5. Hassan.

Same as above.

6. Kadur.

All except the gate on Balehonnur-Narasimharajapur Road may be retained.

7. Shimoga.

With the exception of the gate at Bhadravati on the Chennagiri Road and the one on the Sorab-Sirsi Road, the rest may be retained.

8. Chitaldrug.

There are a large number of gates in this District and complaints have been received against this. The District Board have recommended the abolition of all the gates. The Deputy Commissioner has recommended the abolition of 7 gates as noted in the margin.

* 1. Hiriyur-Huliyur Road at Yelladakere.
2. Hosadurga-Ajjampur Road at Pilapura.
3. Anji-Huchangidurga Road at Gollarhalli.
4. Jagalur-Chellakere Road at Mustur.
5. Hosadurga-Hiriyur Road at Madadakere.
6. Hanagal-Ulavasankanahalli Road at Talavarhalli.
7. Malebennur-Chennagiri Road near Dibbadahalli.

Mr. Sanjeevaiya was of opinion that all the 14 gates recommended by the District Board may be abolished. But the other Members considered that the Deputy Commissioner's recommendation might be approved.

The suggestion of the President, Octroi Committee to have a joint meeting of the Committee with the Octroi Committee was considered and it was resolved that as this Committee were appointed only to go into the particular question of reduction of the existing toll-gates and not into the principles relating to the levy or abolition of tolls, there is no necessity for a Joint Meeting of these 2 Committees.

The Committee desire to place on record their appreciation of the help they received from the Secretary, Mr.T.K.Someswara Iyer whose intimate knowledge of the subject was of great use to them.

(1) " I do not agree it will be feasible to enforce the suggestion that municipal Councils should not levy tolls on through traffic

(ii) I am not in favour of abolishing the toll-gates at Byrapatna, Gundlupet, Hampapur and Yelwal, which yield between them nearly Rs.40,000 per year ".

ORDER NO. L. 8055-73

Dated, Bangalore, the 31 April 1929.

The Committee were asked to examine the question of reducing the number of toll-gates established on the several Provincial and District Boards Roads.

After a consideration of the several aspects ~~in regard to the desirability or otherwise of continuing the existence of the~~ Committee with both the Provincial and District Boards toll-gates~~, on the roads~~ the Committee have made the following recommendations ~~on the point referred to them~~:-

(1) That there should be a distance of not less than 25 miles between ~~2~~ two provincial toll-gates, that this rule should be strictly adhered to and those gates which did not satisfy the condition should be abolished but that there should be no limit as to distance as regards District Board gates and their discretion in the matter of District Boards should not be interfered with.

(2) That Municipal Councils should be required not to levy tolls on through Traffic

(3) That the following toll gates should be abolished:-

(a) PROVINCIAL:- The toll-gates at Byrapatna and Avati in the Bangalore District, Gundlupet, Hampapur and Yelwal in the Mysore District, Thippaganahalli in the Kolar Dt. Bidarammangudi in the Tumkur District, --- Kartikere in the Kadur District and Malur in the Shimoga District.

(b) DISTRICT BOARD:- The toll-gates at Magadi - Huliyurdrug Road, Dobspet - Kortagere Road in the Bangalore District, Dodballapur - Chickballapur Road in the Kolar District, Kotgudda - Pavagada Road and Gubbi-Chelur Road in the Tumkur District

Chelur Road in the Tumkur District, Balehonnur-Narasimharajapur in the Kadur District Bhadravati on Chennagiri Road and another on Sorab-Sirsi Road in the (Shimoga District) and at Yelladakeri, Pilapura, Gollarahalli, Mustur Madadakere, Talavarahalli and Dibbadahalli in the Chitaldrug District.

(4) That fresh toll-gates may be established on the Sivasamudram Bridge and at Paschimavahini in the Mysore District and at Sakrepatna in the Kadur District.

(5) ~~That~~ to avoid inconvenience and --- harassment to people of ~~certain particular~~ the localities concerned, namely ~~they have also suggested the adjustment of the location~~ certain toll-gates as ~~follows~~ (1) ~~shifting~~ that the gate on Maddur-Sivasamudram road to be shifted to ~~Tathi~~ Rotti-Katte; that of Dodkurgod towards the frontier near the boundary; that of Tadigal beyond Royalpad and lastly ~~treating~~ that the toll-gates at Dodhalli, Rajavanthi and Chandrabhavi in Tumkur District and Sowlanga, Honnali & Malebennur in the Shimoga Districts be treated as one gate.

(6) That there should be reciprocity between the gates (1) at Hindignal and Narasapur. (2) at Sivasamudra Bridge and Rotti-katte and (3) Paschimavahini and Wellesly Bridge, and

(7) That cattle passing outof Mysore to neighbouring British provinces for or by way of sale should not be exempted from payment of tolls in the State gates.

Government have carefully considered the several recommendations of the Committee and are pleased to accept the same with the following modification:-

The toll-gate at Hampapur may be retained

and

. that the following adjustment in the location of toll gates be ordered

and ~~that~~ the toll-gates at Byrapatna and Narasapur may be shifted a suitable distance to the Mysore and Bangalore side respectively, so as not to interfere with ~~petty~~ small local traffic.

and the toll gate at ~~Kodiyal~~ Gundlupet to the boundary between the Nanjangud and Gundlupet talukas ~~to collect~~ cater the timber traffic.

Rm. 14.5.29.

Action will be taken ~~in the local Self Govt~~ Dept. separately in the matter of removing the misconception said to exist regarding the levy of District Fund tolls at more than one gate in a District. and in regard to levy of toll at cattle passing out of the State.

(* Printed as annexure.)

ORDER No. L. 8055-73—L. B. 111-28-30, DATED 31ST MAY 1929.

The Committee were asked to examine the question of reducing the number of toll-gates established on the several Provincial and District Boards Roads.

After a consideration of the several aspects connected with both the Provincial and District Fund Toll-gates, the Committee have made the following recommendations:—

(1) That there should be a distance of not less than 25 miles between two provincial toll-gates, that this rule should be strictly adhered to and those gates which did not satisfy the condition should be abolished but that there should be no limit as to distance as regards District Board gates and the discretion of the District Boards in the matter should not be interfered with.

(2) That Municipal Councils should be required not to levy tolls on through Traffic. //

(3) That the following toll-gates should be abolished:—

(*a*) *Provincial.*—The toll-gates at Byrapatna and Avati in the Bangalore District; Gundlupet, Hampapur and Yelwal in the Mysore District; Thippaganahalli in the Kolar District; Bidarammanagudi in the Tumkur District; Kartikere in the Kadur District and Malur in the Shimoga District.

(*b*) *District Board.*—The toll-gates at Magadi-Huliyurdrug Road, Dobspet-Koratagere Road in the Bangalore District; Dodballapur-Chikballapur Road in the Kolar District; Kotgudda-Pavagada Road and Gubbi-Chelur Road in the Tumkur District; Balehonnur-Narasimharajapura in the Kadur District; Bhadravati on Channagiri Road and another on Sorab-Sirsi Road in the (Shimoga District) and at Yelladakeri, Pilapura, Gollarahalli, Musturu, Madadakere, Talavarahalli and Dibbadahalli in the Chitaldrug District.

(4) That fresh toll-gates may be established on the Sivasamudram Bridge and at Paschimavahini in Mysore District and at Sakrepatna in the Kadur District.

No. L. 8055-73—L. B. 111-28-30, DATED 31ST MAY 1929.

(5) That the following adjustment in the location of toll-gates be ordered to avoid inconvenience and harassment to people of the localities concerned, namely (1) that the gate on Maddur-Sivasamudram Road be shifted to Rotti-Katte; that of Dodkurgod towards the frontier near the boundary; that of Tadigol beyond Royalpad and lastly that the toll-gates at Dodhalli, Rajavanthi and Chandrabhavi in Tumkur District and Sowlanga, Honnali and Malebennur in the Shimoga District be treated as one gate.

(6) That there should be reciprocity between the gates (1) at Hindignal and Narasapur (2) at Sivasamudram Bridge and Rotti-Katte and (3) Paschimavahini and Wellesly Bridge, and

(7) That cattle passing out of Mysore to neighbouring British Provinces for or by way of sale should not be exempted from payment of tolls in the State gates.

Government have carefully considered the several recommendations of the Committee and are pleased to accept the same with the following modification:—

The toll-gates at Hampapur may be retained and the toll-gates at Byrapatna and Narasapur may be shifted a suitable distance to the Mysore and Bangalore side respectively and the toll-gate at Gundlupet to the boundary between the Nanjangud and Gundlupet Taluks so as not to interfere with small local traffic.

Action will be taken separately in the matter of removing the misconception said to exist regarding the levy of District Fund tolls at more than one gate in a District and in regard to levy of toll fee on cattle passing out of the State.

ANNEXURE.

No. L. 6215—L. B. 111-28-23, dated, Bangalore, 22nd March 1929, from T. K. Somesvara Iyer, Esq., Secretary, Toll-gate Committee, to N. Madhava Rao, Esq., B.A., B.L., Chief Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore.

With reference to Government Order No. L. 3940-64—L. B. 111-28-1, dated 1st December 1928, appointing a Committee consisting of the marginally noted gentlemen to go into the question of reducing the number of Toll-gates established on the several Provincial and District Boards Roads, I am directed to submit herewith the accompanying report of the Committee, Messrs. Niligiri Sanjeeviah and Rao Bahadur N. S. Nanjundaiya, have not sent their final opinion on the draft report sent to them for remarks. But their opinions as given at the meeting are embodied in the report.

1. The Revenue Commissioner in Mysore (Chairman).
2. The Chief Secretary to the Government of Mysore.
3. The President, District Board, Bangalore.
4. Do do Hassan.
5. Mr. K. V. Anantharaman, B.A., Deputy Commissioner, Mysore.
6. „ Niligiri Sanjiviah, Member, Representative Assembly.
7. „ M. S. Lingegowda, Member, Representative Assembly.

REPORT OF THE TOLL-COMMITTEE APPOINTED IN GOVERNMENT ORDER No. L. 3940-64—L. B. 111-28-1, DATED 1ST DECEMBER 1928.

In the above order, Government appointed a Committee consisting of the marginally noted members to go into the question of the reduction of the number of Toll-gates established on the several Provincial and District Fund Roads from time to time and to submit their recommendation to Government within a period of two months.

1. The Revenue Commissioner in Mysore (Chairman).
2. The Chief Secretary to the Government of Mysore.
3. The President, District Board, Bangalore.
4. Do do Hassan.
5. Mr. K. V. Anantaraman, B.A., Deputy Commissioner, Mysore.
6. „ Niligiri Sanjiviah, Member, Representative Assembly.
7. „ M. S. Lingegowda, Member, Representative Assembly.

2. The Committee regret that owing to several causes, the report could not be submitted within 1st February 1929 as required.

3. They held two meetings, one on the 10th January 1929 and the other on the 2nd February 1929. The Chief Secretary could not be present at either of these meetings and Rao Bahadur Mr. N. S. Nanjundaiya was not also present at the second meeting.

4. At the first meeting, certain tentative conclusions were arrived at and in accordance therewith a map was got prepared for further scrutiny and the whole question of the location of the toll-gates, both Provincial and District Board was carefully considered at both the meetings and the Committee now beg to submit the following recommendations on the question referred to them.

5. The Committee considered that there should be a distance of not less than 25 miles between two Provincial toll-gates; that this rule should be strictly adhered to and those gates which did not satisfy the condition should be abolished, but that there should be no limit as to distance as regards District Board gates and that consequently the discretion of the District Boards regarding location of gates need not be interfered with as under section 66 (5) of the District Boards Regulation, only one toll is payable in a whole District in a period of 24 hours, irrespective of the number of toll-gates therein. They were however of opinion that the ruling that only one toll is leviable should be made clear to avoid misconception on this point, as there seems to be an impression on the part of some of the District Boards that the exemption applies only to the particular gate at which the toll is levied.

6. Finally they considered that pending final decision on the report of the British India Roads Committee by that Government and the introduction of similar measures if any in the State for the replacement of tolls by any other tax, the system of levying tolls might continue and the Municipal Councils should be required not to levy toll on through traffic.

7. The Committee examined the several toll-gates with reference to the above principles and they now beg to submit the following recommendations as regards the reduction or adjustment of the existing toll-gates.

A. PROVINCIAL TOLL-GATES.

1 and 2. Bangalore and Mysore Districts.

8. All the existing toll-gates in the Bangalore District might be retained except those at Byrapatna and Avati. The gate at Byrapatna is unnecessary as there is a toll-gate on the Wellesley Bridge at Seringapatam and causes a somewhat heavy levy on through traffic from Mysore and the frontier to Bangalore, while it is irksome to the people of Channapatna, and the gate at Avati may be abolished as the traffic is very light and there are toll-gates at Chikballapur and Bagepalli. In view of the fact that the Hindiganal toll-gate is situated at a distanee of 12 miles from the Narasapur toll-gate in the Kolar District, complete exemption may be given to carts passing through one gate, when they have paid toll in the other gate within a period of 24 hours; and in view of the existence of a Provincial gate at Dobspet, the District Fund toll-gate at Dobspet-Koratagere Road at Makanahalli which is within five miles from the former may be abolished.

9. The toll-gate on the Maddur-Sivasamudram-Kollegal Road in the Mysore District is reported to cause some harassment to the people of Malvalli. With a view to give them relief it is proposed to shift this to Rottikatte and also to locate a toll-gate near the Sivasamudram Bridge, payment at the Rottikatte gate clearing the gate near the said bridge and *vice versa*. It is further proposed to open a bridge toll at Paschimavahini with the condition that vehicles paying taxes in Paschimavahini will be entitled to exemption from payment of toll at the Wellesley Bridge gate and *vice versa*. It is considered that the above arrangement will give relief to people and make up for the loss of revenue arising by the abolition of the gate at Byrapatna.

10. It was also considered that the gates at Gundlupet, Hampapur and Yelwal in the Mysore District should be abolished and that as regards the Attibele toll-gate in the Bangalore District, arrangement should be made for reciprocity with the adjacent British toll-gates.

11. In this connection, the Committee were strongly of opinion that cattle passing out of Mysore to neighbouring British Provinces for or by way of sale should not be exempted from payment of tolls in the toll-gates in the State.

3. Kolar District.

12. The proposal of the Kolar District Deputy Commissioner to shift (1) the Viduraswatha (Dodkurugod) toll-gate towards the frontier near the boundary, (2) the Tadigol gate beyond Rayalpad was approved. It was resolved to abolish the gate at Tippaganahalli on the Dodballapur-Goribidnur Road, as there is one at Viduraswatha (Dodkurugod).

4. Tumkur District.

13. The gates at (1) Dodhalli, (2) Rajavanthi and (3) Chandrabhavi should be treated as one gate and the Bidarammanagudi gate may be abolished as it is only six miles from Arsikere and 14 miles from Banavar. A toll-gate may be established near Sakrepatna so as to catch the traffic to Chikmagalur, abolishing the toll-gate at Kartikere in the Kadur District.

5. Hassan.

14. With reference to the proposal of the Deputy Commissioner, Hassan, to abolish the gate at Cheekanhalli, the Committee considered that it might be retained as it is on one of the main routes through Coffee Estates, but toll may be levied only on motor vehicles as in the case of Wellesley Bridge toll.

6. Kadur.

15. As already decided above, the Kartikere toll-gate may be abolished and the others retained.

7. Shimoga.

16. On account of the existence of a toll at the Bhadra Bridge, the District Fund toll-gate at Bhadravati on the Bhadravati-Channagiri Road may be abolished as the latter is too near the former which has to be retained.

17. In view of the existence of a toll-gate at Agumby, the gate at Malur may be abolished.

18. Sowlanga, Honnali and Malebennur gates should be treated as one gate and traffic passing through any of these gates should be exempted from payment of tolls in the other gate or gates, when tolls have been paid thereon in the other gate or gates in a period of 24 hours.

8. CHITALDRUG.

19. All the existing gates may be retained.

9. DISTRICT FUND TOLL-GATES.

1. BANGALORE DISTRICT.

20. It was resolved to retain all the existing District Fund gates with the exception of those at (1) Magadi-Huliyurdrug Road and (2) Dobspet-Koratagere Road, and Mr. Sanjeeviah wanted the toll-gate at Anekal to be abolished. This was not agreed to by the other members present.

2. KOLAR.

21. The toll-gate on the Dodballapur-Chikballapur Road may be abolished and the rest may be retained.

3. TUMKUR.

22. The toll-gates on (1) Kotgudda-Pavagada Road and (2) Chelur-Gubbi Road may be abolished and the rest may be retained.

4. MYSORE.

23. All the existing District Fund toll-gates may be retained.

5. HASSAN.

24. Same as above.

6. KADUR.

25. All except the gate on Balehonnur- Narasimharajpura Road may be retained.

7. SHIMOGA.

26. With the exception of the gate at Bhadravati on the Channagiri Road and the one on the Sorab-Sirsi Road, the rest may be retained.

8. CHITALDRUG.

27. There are a large number of gates in this District and complaints have been received against this. The District Board have recommended the abolition of all the gates. The Deputy Commissioner has recommended the abolition of 7 gates as noted in the margin.

1. Hiriyur-Huliyur Road at Yelladakere.
2. Hosdurga-Ajjampur Road at Pilapura.
3. Anji-Huchangidurga Road at Gollarhalli.
4. Jagalur-Challakere Road at Mustur.
5. Hosdurga-Hiriyur Road at Madadakere.
6. Hanagal-Ulavasankanahalli Road at Talavarhalli.
7. Malebennur-Channagiri Road near Dibbadahalli.

28. Mr. Sanjeevaiya was of opinion that all the 14 gates recommended by the District Board may be abolished. But the other members considered that the Deputy Commissioner's recommendation might be approved.

29. The suggestion of the President, Octroi Committee to have a joint meeting of the Committee with the Octroi Committee was considered and it was resolved that as this Committee were appointed only to go into the particular question of reduction of the existing toll-gates and not into the principles relating to the levy or abolition of tolls, there is no necessity for a joint meeting of these two Committees.

No. L. 8055-73—L. B. 111-28-30, DATED 31ST MAY 1929.

30. The Committee desire to place on record their appreciation of the help they received from the Secretary, Mr. T. K. Someswara Iyer whose intimate knowledge of the subject was of great use to them.
